I. RANK OF FACULTY UPON APPOINTMENT & FACULTY CATEGORIES

A. Categories

Faculty members are University employees who have been appointed as faculty and whose primary responsibility is to provide academic services such as teaching, academic advising, and curriculum development to the University's students. There are three broad categories of faculty appointment: Category I; Category II; and Category III (all three categories are more specifically described below). The University President or delegate(s) are authorized to establish specific positions within these categories, subject to financial limitations, as well as legal and accreditation requirements.

B. Specific Guidelines for Rank Upon Appointment of Faculty

1. A new appointee must possess the minimum degree level and, as specified, years of professional experience, full-time, college or university-level teaching experience, and/or time in rank at a regionally-accredited baccalaureate-granting institution of higher education as provided for the rank conferred upon the appointee at the time of employment.
2. The applicable Department Chair, Dean, and the University's Provost have the responsibility for determining the requirements of the degree field, hours of study beyond the degree, professional experience, and applicable certification and/or licensure for faculty applicants.
3. Exceptions to rank upon appointment must be approved by the Provost and President.
4. Granting rank other than assistant professor upon appointment automatically qualifies the faculty member for an award of tenure. Decisions to grant the rank of associate or full professor must be carefully justified in writing to, and approved by, the Provost. After review of the prior recommendations, the President may recommend to the Board of Trustees that a candidate be appointed with tenure. The Board of Trustees retains the final decision-making authority regarding the conferring of tenure. If tenure is granted by the Board of Trustees, the President may then approve rank upon appointment.
5. Rank and Tenure for Administrators
 - a. Academic rank may be conferred on qualified administrators by the President after consultation with the applicable Department Chair and Dean and the Provost.
 - b. Tenure may be conferred upon eligible administrators in accordance with the procedures contained in the tenure section of this Handbook.

C. Contract Term

1. MSU Denver defines the academic year as spanning an approximately nine-month period from one week prior to the beginning of classes in the fall semester to one week after the conclusion of final exams in the spring semester, excluding periods during which the University is closed for business. Thus, all Category I and Category II faculty are considered to be on nine-month contracts, unless a specific negotiation has occurred during which the faculty member has agreed to a contract of a different length (e.g., 12 months, one semester, etc.)
2. Faculty on the typical nine-month contract who are preparing and submitting grant applications may request up to three months of additional salary to cover work completed during the summer period.

II. CATEGORY I FACULTY – POLICIES & PROCEDURES

A. Description of Category I Faculty

Category I Faculty are tenure-line faculty, which means they are either: 1) tenure-track (or probationary) faculty; or 2) tenured faculty.

1. Tenure-track faculty members are full-time faculty, appointed for a term consisting of one academic year. Tenure-track faculty members are reviewed for retention each year under the applicable criteria, standards, and guidelines of the University, and may be reappointed for up to six terms. Tenure-track contracts are subject to non-renewal upon notice. Faculty members holding tenure track positions are uniquely eligible to be awarded tenure, in the sole discretion of the Board of Trustees.
2. Tenured faculty members are subject to comprehensive performance review every five years under the criteria, standards, and guidelines of the University as provided in this Handbook and established by Colorado Revised Statutes.
3. Tenure is a full-time contract for an indefinite term, which is subject to dismissal and reduction in compensation on grounds and with procedures as provided in this Handbook. Tenured faculty members are also subject to termination and reduction in compensation when a reduction in force is authorized, subject to the procedures provided in this Handbook.
4. Category I faculty members are the core of the faculty. These tenured and tenure-track faculty members are an essential element enabling the University to achieve its mission, goals, and strategic initiatives. As such, Category I should comprise a majority of the faculty.
5. Category I faculty members receive initial salaries based upon market data and are eligible for increases based on promotion and merit, as provided in this Handbook.

B. Performance Reviews for Category I Faculty

In accordance with AAUP Guidelines, this section II.B. outlines institutional performance expectations for Category I faculty seeking reappointment, tenure, promotion, successful post-tenure review, and/or emeritus status. The review process requires compilation of data from multiple sources to demonstrate the complex and diverse work of faculty. These data are intended to present a holistic picture of individual faculty as each seeks reappointment, tenure, promotion, or post-tenure review.

1. Tenure-track faculty shall be evaluated annually during the tenure-track period for reappointment eligibility. At the end of the tenure-track period, normally six years post hire, a cumulative evaluation will become part of the tenure review process.
 - a. Award of tenure requires:
 - (1) Adherence to all contractual requirements;
 - (2) A record of conduct consistent with professional standards;
 - (3) Faculty holding the appropriate terminal degree for the discipline (the Provost may make an exception after consultation with the affected Department Chair and Dean); and
 - (4) Demonstration of performance that meets the standards defined by departmental guidelines, which:

- (a) Should recognize contributions to teaching as the most significant factors in evaluating faculty for tenure, but acknowledge that outstanding teaching will not be sufficient to justify tenure; and
 - (b) May allow for faculty to demonstrate a holistic performance record, where extraordinary accomplishments in one area might compensate for less robust accomplishments in another.
 - b. Promotion: Submission of a tenure portfolio by a tenure-track faculty member at the rank of Assistant Professor will also constitute an application for promotion to Associate Professor.
2. Tenured Faculty will be evaluated through post tenure review every 5 years.

C. Definitions

1. Portfolio¹

- a. Constitutes a cumulative record of a faculty member’s performance. These documents are meant to be utilized within the performance review process.
- b. Shall include all of the following:
 - (1) Narrative Statement:
 - (a) Presents a reflective self-assessment, highlights accomplishments, and indicates plans for the future;
 - (b) Shows that the faculty member has read, reflected upon and addressed student comments contained in his or her SRI evaluations; and
 - (c) Is expected to be cumulative and to grow in length from one iteration to the next. Accordingly, length expectations for narratives are as follows:
 - (i) 2nd year: 1-3 pages
 - (ii) 3rd year: 2-5 pages
 - (iii) 6th year: 3-8 pages
 - (iv) For promotion to Professor: 3-8 pages
 - (v) For Post Tenure Review: 1-3 pages

 - (b) Annotations should provide brief explanation of scholarly work completed or in progress and of service contributions.
 - (3) Student Ratings of Instruction:

¹ The Portfolio may also be known as a “dossier”. The term Portfolio is consistently used at MSU Denver.

- (a) All portfolios shall include student ratings of instruction for all classes assigned using the approved “Student Ratings of Instruction” (SRI) form. Exceptions include:
 - (i) Field experiences and internships as determined by the Department; and
 - (ii) Classes with fewer than five students must be evaluated according to Department Guidelines.
- (4) Letters of Review and Faculty Responses:

 - c) Include recommended conditions for subsequent reappointment when relevant;
 - d) Include a rationale noting, if appropriate, commendable performance; and
 - e) Address any changes made to the Portfolio during the review and the reasons for those changes.
 - (iii) As Letters of Review are added to the portfolio, the Committee Chair, Department Chair, or Administrator at each level of review shall promptly provide to the faculty member a copy of the Letter of Review by uploading that letter into the electronic portfolio review system.
 - (iv) Upon receipt of the Letter of Review and a copy of any Provost-approved information added to the Portfolio pursuant to II.C.1.b(7) below, the faculty member has the option of providing a written response within seven (7) calendar days of the deadline for submission of the evaluation letters as specified in the Procedural Calendar². The written response will become part of the Portfolio.
 - (b) Reappointment or tenure/promotion portfolios for faculty in years two through six shall include:
 - (i) All previous Letters of Review for reappointment; and
 - (ii) Any responses by the faculty member.

² The procedural calendar will not require submission of evaluation letters or faculty responses at times that the University is closed or when faculty are on spring, fall, or winter breaks. If the evaluation letter from a given letter of review is submitted past the deadline specified in the Procedural Calendar, the deadline for a faculty response will be seven calendar days from the time the letter is uploaded into Digital Measures.

- (c) Portfolios for Promotion to Professor shall include:
 - (i) All Letters of Review from the previous tenure/promotion review; and
 - (ii) All Letters of Review from post-tenure reviews; and
 - (iii) Any responses to the above from the faculty member.
- (5) Reassigned Time Reports and Evaluations: If faculty has received reassigned time to conduct work beyond normal duties—e.g., to engage in grant-funded activities, to work on projects for the University such as program review or assessment, to administer a program—the faculty member must provide:
 - (a) Reports of their accomplishments; and
 - (b) The evaluations of this work.

 - (c) Any additional Provost-approved materials must be addressed in the Letters of Review and supporting documents included as an appendix thereto.
 - (d) The faculty member will be provided copies of the correspondence to and from the Provost and have the opportunity to respond according to section II.C.1.b.(4)(a)(iv), above.

2. Review Committees for Reappointment, Tenure, Promotion, and Post-Tenure Review

a. Eligibility for review committee members:

- (1) Committee members must be tenured.
- (2) Any person on a full-time administrative contract is not eligible to serve or vote on faculty review committees, regardless of faculty rank and tenure.

- (3) Faculty members serving on review committees and simultaneously being considered for promotion to Professor cannot participate in the discussion and vote on any promotion decisions at any level (Department RTP Committee, College/School RTP Committee or Faculty Senate RTP Committee) for the rank of Professor.
 - (4) Faculty members undergoing Post Tenure Review cannot participate in the discussion and vote on any Post Tenure Review decisions at any level (Department PTR Committee or University Appeals Committee).
 - (5) No faculty member may serve as a voting member of more than one review Committee (Department/Peer Review, College/School, Senate or University Appeals Committee).
- b. Department/Peer Review Committees composition:
- (1) Shall consist of at least a majority of the eligible tenured faculty members in the department.
 - (2) Shall consist of at least three members.
 - (3) If a Department cannot constitute a three-member Department/Peer Review Committee, a Department/Peer Review Committee will be established by the Dean, which may include members from cognate departments.
- c. College/School Review Committees composition:
- (1) Must be representative of the range of disciplines in a College/School. Half of the members of the College/School Committee shall be elected by the College/School faculty and half appointed by the Dean.
 - (2) Size will be determined by the tenured faculty of the College/School and a vote of the tenured faculty will be required to change the number of members of the Committee.
- d. Faculty Senate Committee: Membership of the Faculty Senate Reappointment, Tenure, and Promotion Committee is established by the Senate Bylaws, Article V, Section 17.
- e. University Appeals Committee shall consist of:
- (1) One tenured faculty elected from each College/School; and
 - (2) One at-large tenured faculty elected from the Faculty Senate.
3. Areas of Performance: University faculty are reviewed on their performance in three areas: teaching, scholarly activities, and service.

a. Teaching

Teaching is a complex and reflective human activity that, in the higher education context, is offered in a forum that is advanced, semi-public, and essentially critical in nature. No single definition can possibly suffice to cover the range of talents that go into excellent teaching or that could be found across the board in the varied departments and disciplines of an entire college or university. Effective teachers are scholars, researchers, inventors, scientists, creators, artists, professionals, investigators, practitioners or those with advanced expertise or experience who share knowledge, using appropriate methodologies and who demonstrate and encourage enthusiasm about the subject matter in such a way as to leave the student with a lasting and vivid conviction of having benefited from that interaction.

Effective teachers maintain high academic standards, prepare students for professional work and development, facilitate student achievement, and provide audiences for student work. At the instructional level, the most important responsibilities of a teacher to his/her students include the following:

- (1) Content Expertise - to demonstrate knowledge and/or relevant experience: Effective teachers display knowledge of their subject matters in the relevant learning environment (classroom, on-line, hybrid, field work, etc.), which typically includes the skills, competencies, and knowledge in a specific subject area in which the faculty member has received advanced experience, training, or education.
- (2) Instructional Design - to re-order and re-organize this knowledge/experience for student learning: Effective teachers design course objectives, syllabi, materials, activities, and experiences for in-person and online delivery that are conducive to learning for all students in alignment with accessibility requirements.
- (3) Instructional Delivery - to communicate and “translate” this knowledge/ experience into a format accessible to students: Effective teachers communicate information clearly, create environments conducive to learning, use an appropriate variety of teaching methods, and use university-supported technological tools including the institutional learning management system to facilitate in-person and online learning.
- (4) Instructional Assessment - to evaluate the mastery and other accomplishments of students: Effective teachers design assessment procedures appropriate to course objectives, ensure fairness in student evaluation and grading, and provide constructive feedback on student work.
- (5) Advising in and Beyond the Classroom - to provide guidance for students as they pursue undergraduate and post-baccalaureate education and/or employment: Effective advisors interact with students to provide career guidance and information, degree program guidance and information (e.g., advice on an appropriate schedule to facilitate graduation), and answers to questions relating to a discipline. Normally, Category I faculty are expected to maintain a minimum of five scheduled office hours per week during the academic semester.
- (6) NOTE: Teaching performance will be evaluated based on the teaching done by a faculty member. Faculty who teach less than twelve (12) credit hours each semester will not be penalized for performing other critical duties needed by the Department, College/School, or University. Normally, these responsibilities will be delineated in and accounted for through reassigned time awards and evaluations and documented in Digital Measures.

b. Scholarly Activities

Scholarly and creative activities are disciplinary or interdisciplinary expressions or interpretations that develop ideas, frame questions, create new forms of representation, solve problems, or explore enduring puzzles.

Purposes include, but are not limited to, the following: advancing knowledge or culture through original research or creative activities; interpreting knowledge within or across disciplines; synthesizing information across disciplines, across topics, or across time; aiding society or disciplines in addressing problems; or enhancing knowledge of student learning and effective teaching.

Typically, to be considered scholarship, findings should be disseminated to either peer review by disciplinary scholars or professional or governmental organizations; or critical reflection by a wider community, including corporations or nonprofit organizations, for example.

In addition to these scholarly activities, and depending on the specific Department Guidelines, this category may also include activities in which the faculty member shares other knowledge with members of the learned and professional communities; continued education and professional development activities appropriate to professional status or assignments; and other activities specific to the faculty member's discipline or assigned responsibilities.

c. Service

Faculty engage in service when they participate in the shared governance and facilitate the good functioning of the institution. Service to the institution can be at the program, department, school, or college or university level. Beyond the institution, faculty engage in service when they use their disciplinary and/or professional expertise and talents to contribute to the betterment of their multiple environments, such as regional communities, professional and disciplinary associations, non-profit organizations, or government agencies. Examples of service might include (but are not limited to):

- (1) Committee participation
- (2) Committee leadership
- (3) Program or department contributions
- (4) Board participation
- (5) Unpaid public service to community and/or professional organizations
- (6) Contributions to disciplinary associations
- (7) Other

d. Projects and tasks completed or undertaken on reassigned time will be evaluated in accordance with the three areas of performance delineated above as appropriate, e.g., service activities for which the faculty member received reassigned time will be evaluated as Service.

4. Periods of review

- a. Tenure-track years 1 through 5: Portfolios for Category I faculty seeking reappointment in tenure-track years 1 through 5 are cumulative. Each portfolio should document faculty accomplishments from the beginning of the first tenure-track year up to the time at which the portfolio is submitted for review. Faculty who have received years of credit toward eligibility for tenure for previous tenure-track appointments should document their accomplishments in the areas of teaching, scholarship and service during those years.
- b. Tenure: Portfolios for Category I faculty seeking tenure in years 4, 5, or 6 are cumulative. Each portfolio should document faculty accomplishments from the beginning of the first tenure-track year up to the time at which the portfolio is submitted for review. Faculty who have received years of credit toward eligibility for tenure for previous tenure-track appointments should document their accomplishments in the areas of teaching, scholarship and service during those years.

- c. Promotion to full professor: Promotion portfolios will document accomplishments from the date on which the portfolio was submitted for the tenure review up to the date on which the promotion portfolio is submitted. Any accomplishment for which the candidate received credit during the tenure review may not also be counted toward the promotion to full professor evaluation.
 - d. Post-tenure review: PTR portfolios will document accomplishments from the date on which the portfolio was submitted for the previous major review (tenure, promotion, or PTR) up to the date on which the current PTR portfolio is submitted.
5. Evaluation under extreme circumstances
- a. Should there be a case of a campus wide/state-wide/nation-wide emergency, departments shall be flexible, in accordance with accreditation, during the ongoing RTP/PTR process. Those serving on all level of review for RTP/PTR shall take into consideration the constraints these events have on faculty as they perform their required duties. All levels of review shall take into consideration the ways in which a declared emergency impacts faculty performance in their reviews as required by the Handbook. Such considerations may include, but are not limited to:
 - (1) granting credit to a faculty member who has been accepted to present at a conference which is subsequently cancelled due to the crisis;
 - (2) recognizing, and making allowances for, the effects that such crises may have on SRI scores;
 - (3) Recognizing, and making allowances for, the constraints on scholarship and service that will result from limitations on travel or the suspension of MSU Denver programs that support faculty scholarship (e.g., Sabbatical, Provost Mini-grant, etc.).
 - (4) Recognizing, and making allowances for, the effects of state or national crises on faculty grant-making activities.

These considerations will apply to all faculty evaluations (retention, tenure, promotion, post-tenure review) and to all categories of faculty.

D. Departmental Guidelines

In accordance with AAUP Guidelines, this section delineates requirements for discipline-specific guidelines that clearly describe performance expectations for tenure-line faculty seeking reappointment, tenure, promotion, a successful post-tenure review, and/or emeritus status.

1. Differences in disciplines and faculty activities among departments will be reflected in the Departmental Guidelines for teaching, scholarly activities, and service.
2. Departmental Guidelines shall include specific criteria, not inconsistent with the definition of each area of performance, for teaching, scholarly activities, and service.
3. All Departmental Guidelines shall establish rigorous performance standards consistent with the goal of academic excellence. Departments should clearly delineate among expectations for successful reviews at each level, including reappointment, tenure, promotion, successful post tenure review, and emeritus status.
4. Departmental Guidelines must include qualitative and, if appropriate, quantitative standards of

achievement and examples of activities for achieving each review status.

5. Departmental Guidelines shall also be the basis for the narrative used for tenure and promotion evaluation and Post-Tenure Review.
6. Departments may use guidelines to establish expectations for additional review activities, such as peer observations.
7. Each Department Chair, with the input and advice of departmental faculty, shall write guidelines specific to the needs of the Department pertaining to the performance areas of teaching, scholarly activities, and service, which are consistent with the College/School and University's mission statements.
8. Departmental Guidelines must be approved before they take effect.
 - a. To ensure College/School-level equity in Departmental Guidelines performance standards, the College/School Dean will convene a Committee of all Department Chairs in the fall semester to review all Departmental Guidelines and recommend changes or forward to the Dean and Provost for approval.
 - b. In the event there is disagreement concerning Departmental Guidelines content, the Provost will make the final decision.
 - c. Departmental Guidelines should be reviewed annually, but only updated if deemed necessary. If Departmental Guidelines are changed, the Chair must submit the current Departmental Guidelines and revised Departmental Guidelines, highlighting and explaining the rationale for any changes, to the College/School Committee of Department Chairs, the College/School Dean, and Provost for approval no later than March 1 of each year. The Provost may make revisions to such Departmental Guidelines.
 - (1) The revised Departmental Guidelines will be effective immediately for faculty hired in the next academic year.
 - (2) For tenure-track faculty members the revised Departmental Guidelines will be effective upon completion of their tenure review.
 - (3) For tenured faculty members the revised Departmental Guidelines will be effective upon completion of their next significant evaluation (i.e., promotion or post-tenure review) or immediately, if the next significant evaluation is more than three years away.
 - (4) Under extremely rare circumstances, changes can be made effective immediately (triggered, for example, by discipline-specific accreditation standards) if a majority of tenure-line faculty in an academic department and the relevant College/School Dean agree such changes are needed and reasonable.

E. Reviewer Roles and Responsibilities

1. Responsibilities common to each and every level of review:

- a. Must maintain the strictest confidentiality of faculty portfolios:

Except as may be allowed by the open records law (Colorado Revised Statutes (C.R.S.) §24-72-201, et seq.) or if granted permission by the faculty member, access to faculty Portfolios is limited to the

candidate, the members of all recommending bodies, the President, the appropriate University staff, the Board of Trustees, and the University Appeals Committee as may be required;

- b. Must show sensitivity when evaluating both the numerical SRIs and the subjective student comments (to the extent that they may be reviewed by individual reviewers) that may be related, explicitly or implicitly, to personal characteristics of faculty members. Any overt or subtle statements or other signs of racism, sexism, ageism, heterosexism, genderism, or xenophobia must be completely ignored. In reviewing numerical SRIs, reviewers must ignore patterns that may emerge regarding scores for 'Faculty Contribution to the Course' which may reflect personal bias. Examples include SRI scores that appear lower (or higher) than other criteria of faculty evaluation might suggest (e.g., peer observations, faculty narrative, or supplemental materials supplied by students such as letters of appreciation). In reviewing subjective student comments, appropriate sensitivity must be maintained when observing even the slightest hint of bias about any personal characteristics of faculty members, as opposed to substantive comments that relate directly to the "Course as a Whole" and "Faculty Contribution to the Course";
 - c. May ask for information not presented in the Portfolio by submitting a written request to the Provost with a copy sent to the faculty member at the same time. The faculty member will be provided copies of the correspondence to and from the Provost and have the opportunity to respond according to section II.C.1.b.(4)(a)(iv) of this Handbook. Such Provost-approved additional information shall become part of the faculty member's Portfolio;
 - d. Shall review the Portfolio using departmental guidelines to determine the recommendations to be included in the Letter of Review;
 - e. Shall write a Letter of Review as defined in section II.C.1.b.(4) of this Handbook, and submit the Letter of Review to the candidate's Portfolio no later than the first day of the next review level so that all previous review levels, the Faculty Candidate, and subsequent reviewers have access to it; and
 - f. Shall retain a record of procedures, actions, votes (in the case of review committees), recommendations, and comments until time limits for appeals have expired.
2. Responsibilities common to specific levels of review:
- a. Faculty Candidates for Reappointment, Tenure, Promotion, or Post-Tenure Review
 - (1) Must maintain a Portfolio that contains information sufficient to permit evaluation of their performance for purposes of reappointment, tenure, promotion, or post-tenure review;
 - (2) Must update Portfolios as required by Procedural Calendar deadlines;
 - (3) Shall update and submit the Portfolio to the first level of review, either the department chair or the Department/Peer Review Committee chair, in accordance with deadlines specified in the Procedural Calendar;
 - (4) May respond to any Letter of Review within seven calendar days of the deadline for submission of the evaluation letter as specified in the Procedural Calendar
 - (5) Faculty hired on joint appointments will select one Department at time of hire for retention, tenure, promotion, and post-tenure review.
 - b. Department/Peer Review Committee

- (1) Shall comply with all responsibilities delineated in section II.E.1. of this Handbook;
 - (2) Shall determine all decisions based on a simple majority vote of Committee Members; and
 - (3) Shall elect a Chair from among members, who will:
 - (a) Record the Committee vote on the Portfolio Review Screen; and
 - (b) Prepare a Letter of Review reflecting the Committee's recommendation (any Committee member may provide additional signed comments).
- c. Department Chair
- (1) Must review each faculty member's Portfolio for accuracy and for compliance with the Guidebook for Portfolio Preparation, which is maintained on the Faculty Affairs webpage;
 - (2) Should suggest to the faculty member the addition of missing material and/or request clarification of material before the Portfolio leaves the department (NOTE: Any alterations made at this point to the Portfolio do not require approval by the Provost); and
 - (3) Shall meet annually with tenure-track faculty to review requirements for items included in the Portfolio and answer any questions raised by the candidate's performance review.
- d. College/School Review Committee
- (1) Shall comply with all responsibilities delineated in section II.E.1. of this Handbook;
 - (2) Shall determine all decisions based on a simple majority vote of Committee Members;
 - (3) Shall elect a Chair from among members, who will:
 - (a) Record the Committee vote on the Portfolio cover sheet; and
 - (b) Prepare a Letter of Review reflecting the Committee's recommendation; any Committee member may provide additional signed comments.
- e. College/School Dean
- (1) The College/School Dean has the authority to reappoint tenure-track faculty in years 1, 2, 4, and 5, and to make final decisions on post-tenure review candidates (subject to the appeal mechanisms described below.)
 - (2) Shall comply with all responsibilities delineated in section II.E.1. of this Handbook.
- f. Faculty Senate Retention, Tenure, and Promotion Committee (FSRTPC)
- (1) Shall comply with all responsibilities delineated in section II.E.1. of this Handbook;

- (3) Shall publish any forms and documents used in the reappointment, tenure review, promotion, post-tenure review, and emeritus status;
- (4) Shall notify affected faculty of approved changes to Department Guidelines by the last day of classes each spring semester;
- (5) Shall, in the sixth tenure-track year, indicate in writing to eligible faculty that the tenure process should be initiated;
- (6) Shall archive each tenure Portfolio as part of the faculty member’s official records (NOTE: Reappointment, promotion, and post-tenure review Portfolios are the property of the faculty member, will not become part of the faculty member’s official records, and may be archived for the sole purpose of providing a copy to said faculty member in future years upon request); and
- (7) Shall, in the event of an appeal of any retention, tenure, or post-tenure review decision, make available to relevant parties any relevant Portfolios until the appeal process is completed.

F. Review Process Steps

Depending upon whether the review is for reappointment, tenure, promotion, or post-tenure, the review process may involve up to nine steps, which are:

1. Portfolio Submission
2. The Department Review Committee
3. The Department Chair (NOTE: In the case of a Department Chair being a candidate for reappointment, tenure, promotion, and/or post-tenure review, the recommendation of a Peer Review Committee, comprising at least three other Department Chairs appointed by the College/School Dean, will substitute for the recommendation of the Chair. In such cases, the Department Chair will still review the reappointment, tenure, promotion, or post-tenure review portfolios for other candidates within that Department.)
4. The College/School Committee
5. The College/School Dean
6. The Faculty Senate Retention, Tenure, and Promotion Committee (FSRTPC)
7. The Provost
8. The President
9. Board of Trustees

G. Reappointment of Tenure-Track Faculty

1. General Policies
 - a. Reappointment policies and procedures are intended to support faculty in meeting the University criteria for tenure.
 - b. Tenure-track faculty will be reviewed annually.
 - c. It is the responsibility of the faculty candidate to seek advice and assistance in efforts to achieve reappointment and prepare for the tenure evaluation.
 - d. A Portfolio is required for all reviews.
 - e. Portfolios will be due at a time set by the Procedural Calendar.
 - f. The faculty member must meet the contractual responsibilities defined in this Handbook and adhere to all policies and procedures set forth in this Handbook as a prerequisite to reappointment consideration.
2. Special Cases
 - a. Leaves of absence (medical leave or leave without pay):
 - (1) Faculty granted a leave of absence for less than a full semester will submit a Portfolio to evaluate their activity only during that part of the year in which they were fulfilling their responsibilities as a faculty member.
 - (2) Faculty on leave for one or more semesters will have no evaluation conducted during that time.
 - (3) A faculty member on leave for one or more semesters in an academic year can choose whether to have that academic year counted toward eligibility for tenure. Within 30 days of the beginning of the semester following the conclusion of the leave, the faculty

member shall submit a written statement to the Department Chair and Dean indicating whether they want that academic year to count toward such eligibility. The Dean shall forward that statement to the Provost or Provost's designee.

- (4) The Provost may extend (at the Provost's sole discretion) a faculty member's tenure-track period toward tenure for an additional year if there are extenuating circumstances.

3. Criteria for Reappointment

Candidates for reappointment will be evaluated in the performance areas of teaching, scholarly activities, and service as outlined in section II.C.3. above, and as further delineated in Departmental Evaluation Guidelines in section II.D. above.

4. Procedures for Reappointment

- a. Portfolios for candidates for retention shall automatically progress to next review level; recommendations made at each level are not binding on any subsequent level.
- b. The College/School Dean has the authority to reappoint tenure track faculty in years 1, 2, 4, and 5.
- c. In tenure track years 1, 2, 4, and 5, if the Dean does not reappoint a faculty member to the next tenure track year, the faculty member may appeal that decision to the University Appeals Committee.
 - (1) Upon being notified that the Dean is not reappointing the faculty member to the next tenure track year, the faculty member will have seven calendar days to notify the Dean in writing that they are appealing that decision.
 - (2) After the faculty member has notified the Dean that they are appealing the decision, the Dean will have five business days to notify the University Appeals Committee of the appeal and to provide to the University Appeals Committee all materials pertaining to the faculty member's retention portfolio.
 - (3) Upon being notified of the appeal, the University Appeals Committee will have 20 business days to complete their review of the portfolio and to submit their recommendation to the Provost.
 - (4) The recommendations of the University Appeals Committee, along with the candidate's portfolio, will be reviewed by the Provost, who will make the final decision regarding reappointment within 20 business days. In such cases, the Provost's decision is final and is not appealable.
- d. The Provost has the authority to reappoint tenure track faculty in year 3.
- e. In tenure track year 3, if the Provost does not reappoint a faculty member to the next tenure track year, the faculty member may appeal that decision to the University Appeals Committee.
 - (1) Upon being notified that the Provost is not reappointing the faculty member to the next tenure track year, the faculty member will have seven calendar days to notify the Provost in writing that they are appealing that decision.
 - (2) After the faculty member has notified the Provost that they are appealing the decision, the Provost will have five business days to notify the University Appeals Committee of the

appeal and to provide to the University Appeals Committee all materials pertaining to the faculty member's retention portfolio.

- (3) Upon being notified of the appeal, the University Appeals Committee will have 20 business days to complete their review of the portfolio and to submit their recommendation to the President.
 - (4) The recommendations of the University Appeals Committee, along with the candidate's portfolio, will be reviewed by the President, who will make the final decision regarding reappointment within 20 business days. In such cases, the President's decision is final and is not appealable.
- f. Review committee members are obliged to vote for or against recommending retention of each application before the committee.
- g. Review procedures for reappointment will differ as stated below.
- (1) First Year - During the Spring Semester of year one, as defined in the Procedural Calendar:
 - (a) Each tenure-track faculty member will, for review by the Department Chair and College/School Dean for purposes of reappointment, submit:
 - (i) Annotated Curriculum Vitae; and

 - (2) Second Year - In the Fall Semester of year two:
 - (a) Each tenure-track faculty member will, for review by the Department Chair and College/School Dean for purposes of reappointment, submit a:

- (b) These items will be reviewed by the Department/Peer Review Committee; Department Chair; College/School Review Committee; College/School Dean; the FSRTPC; and the Provost for purposes of reappointment.

(4) Fourth Year - In the Fall Semester of year four:

- (a) Each tenure-track faculty member will, for review by the Department Chair and College/School Dean for purposes of reappointment, submit a:

 - (v) If the review letters for year four indicate specific areas of concern that may prevent a successful tenure application, relevant documentation addressing progress on such areas should be included in the faculty member's Portfolio for year five.

H. Tenure

1. General Policies

- a. An award of tenure is not a right, but a privilege, which must be earned on the basis of performance during a tenure-track period, as evaluated by peers, appropriate administrators (as defined herein, e.g., Academic Dean, Provost, etc.), the President and the Board of Trustees.
- b. Tenure is not acquired automatically by length of service.
- c. An award of tenure can only be granted or revoked by the Board of Trustees.
- d. An award of tenure shall begin with the first day of the subsequent academic year contract.

- e. Eligible faculty may submit an application for tenure during their fourth, fifth, or sixth tenure-track year.
 - f. Tenure applications submitted during the fourth or fifth tenure-track years shall be considered in accordance with the same Handbook and institutional criteria, policies, procedures, and timetables applicable to other tenure applications submitted during the sixth tenure-track year.
 - g. A faculty member on leave for one or more semesters in an academic year can choose whether to have that academic year counted toward eligibility for tenure. Within 30 days of the beginning of the semester following the conclusion of the leave, the faculty member shall submit a written statement to the Department Chair and Dean indicating whether they want that academic year to count toward such eligibility. The Dean shall forward that statement to the Provost or Provost's designee.
 - h. Temporary contracts and contracts for less than a full academic year shall not be counted in determining eligibility for consideration for tenure.
 - i. Faculty who are denied tenure in the sixth tenure-track year will be offered a one-year terminal contract for the following academic year. The President may, at his or her discretion, offer additional one-year contracts to any such faculty member.
 - j. In all cases, it is the faculty member's responsibility to apply for tenure. Failure to apply for tenure by the sixth-year deadline will result in an offer of a terminal seventh year contract for the next academic year, followed by automatic non-renewal at the end of that terminal contract. A faculty member could be hired into a non-tenure/non-tenure track position after the termination of the tenure-track employment contract. However, this would be accomplished with a separate employment agreement.
 - k. An application by an Assistant Professor for tenure also will constitute an application for promotion to the rank of Associate Professor. The Portfolio must be submitted to the Department/Peer Review Committee Chair to begin the review process for promotion.
2. Eligibility for Tenure
- a. Only Category I faculty who hold the rank of Assistant Professor, Associate Professor or Professor, may acquire tenure.
 - b. Candidates applying for tenure in their fourth or fifth tenure-track year may withdraw their applications at any point without prejudice.
 - c. When a faculty member applies for tenure in the fourth or fifth tenure-track year, each level of review must submit a recommendation regarding reappointment as well as tenure. This recommendation shall be included in the tenure evaluation letter submitted by the review level and included in the votes recorded by that review level in the electronic portfolio review system.
 - d. Candidates applying for tenure in their sixth tenure-track year who withdraw their applications for tenure will receive a one-year terminal contract and will not be eligible for tenure review at the conclusion of the terminal year.
 - e. Except as provided herein, administrators, non-instructional personnel, athletic coaches, and faculty on temporary contracts (whether full- or part-time) are not eligible for tenure.
3. Criteria for Tenure

- a. Candidates for tenure will be evaluated in the areas of teaching, scholarly activities, and service as defined above and as may be further delineated by Department Guidelines.
4. Procedures for Tenure
- a. Portfolios for candidates for tenure and promotion to Associate Professor shall automatically progress to the next review level; recommendations made at each level are not binding on any subsequent level.
 - b. In the Fall Semester of the academic year, candidates for tenure must submit a Portfolio, consisting of the following materials for review:
 - (1) Annotated Curriculum Vitae;
 - (2) All Student Ratings of Instruction;
 - (3) A Narrative Statement, three-to-eight (3-8) pages in length;
 - (4) All previous review letters by the levels of review for reappointment and any relevant responses by the faculty member;
 - (5) All reassigned time evaluations and reports, if relevant; and
 - (6) Selected additional materials for review (a minimum of four items and a maximum of nine items).
 - c. These items will be reviewed by the Department/Peer Review Committee; Department Chair; College/School Review Committee; College/School Dean; and Faculty Senate Retention, Tenure, and Promotion Committee. NOTE: In the case of a Department Chair being evaluated for tenure, the recommendation of a Peer Review Committee, comprising at least three other Department Chairs appointed by the College/School Dean, will substitute for the recommendation of the Chair. The Department Chair will still evaluate the portfolios of other members of the Department undergoing retention, tenure, or promotion reviews.
 - d. A majority of members eligible to vote at each of the Department/Peer Review, College/School or University Committees must vote in favor of awarding tenure in order for tenure to be recommended at that level. Review Committee members are obliged to vote for or against recommending approval of each application before the Committee. Failure to recommend tenure shall not preclude a faculty member's application for tenure from proceeding to the next level of the review process.
 - e. Role of the Provost in the tenure/promotion to Associate Professor review process:
 - (1) Upon review of the recommendations made by prior levels of review, the Provost will decide whether to recommend to the President that the candidate be granted tenure and promotion to Associate Professor.
 - (2) If there is disagreement in the recommendations for tenure at any previous level of review, the Provost shall convene a reconciliation meeting. Participants shall include individual reviewers—e.g., Department Chair and College/School Dean—and the Chairs of the Department, College/School, and FS RTP Committees.
 - (a) This meeting shall take place within seven days after the designated deadline for the candidate to respond to the Faculty Senate RTP Committee.

- (b) The candidate shall not be a part of this meeting.
 - (c) The purposes of the meeting will be twofold:
 - (i) To understand the reasoning behind the differing evaluations; and
 - (ii) To attempt to resolve differences before the Provost decides whether to recommend the candidate for tenure and promotion to Associate Professor.
 - (3) If the Provost recommends the candidate for tenure and promotion to Associate Professor, the portfolio, along with the Provost's recommendation, will be forwarded to the President;
 - (4) If the Provost does not recommend the candidate for tenure and promotion to Associate Professor, the portfolio will not be forwarded to the President;
 - (5) The Provost's decision to not recommend tenure and promotion to Associate Professor is appealable. Procedures for such appeal are detailed in Subsection 5, below.
 - f. Role of the President in the tenure/promotion to Associate Professor review process:
 - (1) Of the candidates recommended by the Provost for tenure, the President shall decide whom to recommend to the Board of Trustees for tenure.
 - (2) Only candidates recommended by the President for tenure will be forwarded to the Board of Trustees.
 - (3) The President's decision to not recommend tenure is appealable. Procedures for such appeal are detailed below in Subsection 5.
 - (4) Among candidates granted tenure by the Board of Trustees, the final responsibility for awarding promotion to Associate Professor rests with the President.
 - g. Role of the Board of Trustees in granting tenure: The final responsibility for award or denial of tenure rests with the Board of Trustees upon recommendation of the President.
5. Appeal of Tenure Denial
- a. A candidate in the sixth tenure-track year who receives notice that he or she will not be recommended by the Provost to the President and Board of Trustees for an award of tenure may request reconsideration.
 - (1) Basis for reconsideration shall be limited to direct evidence of a procedural or substantive error in the review process. The candidate must appeal to the Chair of the University Appeals Committee within 10 working days of receiving notice of the denial.
 - (2) The University Appeals Committee will review the information submitted according to its most current procedures.
 - (3) The candidate will have the opportunity for a hearing in front of the University Appeals Committee should the University Appeals Committee determine it is warranted and other resolution is not reached.
 - (4) Within 20 business days of receiving the request for reconsideration, the University Appeals Committee must submit a written recommendation and rationale to either uphold or reconsider the Provost's decision to not recommend the faculty member for

tenure. The University Appeals Committee recommendation shall be shared with the Provost and the appellant and forwarded along with the Provost's recommendation to the President.

- (5) Within 20 business days of receiving the recommendations of the Provost and University Appeals Committee, the President will make the final decision regarding the appeal. If the President upholds the appeal, the President will recommend the candidate for tenure to the Board of Trustees. Only positive decisions will be forwarded to the Board of Trustees for approval.
 - (6) If the President denies the candidate's appeal, the candidate's application for tenure is denied, and the candidate's application will not be presented to the Board of Trustees for consideration. Faculty who are denied tenure in the sixth tenure-track year will be offered a one-year terminal contract for the following academic year. The President may, at his or her discretion, offer additional one-year contracts to any such faculty member.
- b. A candidate in the sixth tenure-track year who, after having been recommended for tenure by the Provost, receives notice that s/he will not be recommended for tenure by the President may request reconsideration.
- (1) Basis for reconsideration shall be limited to direct evidence of a procedural or substantive error in the review process. The candidate must appeal to the Chair of the University Appeals Committee within 10 working days of receiving notice of the denial.
 - (2) The University Appeals Committee will review the information submitted according to its most current procedures.
 - (3) The candidate will have the opportunity for a hearing in front of the University Appeals Committee should the University Appeals Committee determine it is warranted and other resolution is not reached.
 - (4) Within 20 business days of receiving the request for reconsideration, the University Appeals Committee must submit a written recommendation and rationale to either uphold or reconsider the President's original decision to not recommend the faculty member for tenure. The University Appeals Committee recommendation shall be shared with the President and the appellant.
 - (5) Within 20 business days of receiving the recommendations of the Provost and University Appeals Committee, the President will review the recommendation of the University Appeals Committee, and make a decision regarding whether to alter his/her original decision. If the President decides to reverse his/her original decision, the candidate will be recommended for tenure to the Board of Trustees.
 - (6) If the University Appeals Committee recommends the candidate be considered for tenure yet the President upholds the original decision, the candidate's application for tenure will be presented to the Board of Trustees. The Board of Trustees will review all previous levels of review and make a final decision based on best practices. Faculty who are denied tenure in the sixth tenure-track year will be offered a one-year terminal contract for the following academic year. The President may, at his or her discretion, offer additional one-year contracts to any such faculty member.

- c. Tenure applications submitted during the fourth or fifth tenure-track years shall be considered in accordance with the same Handbook and institutional criteria, policies, procedures, and timetables applicable to other tenure applications submitted during the sixth tenure-track year. If a candidate is not successful in the fourth or fifth years he or she may still apply for tenure in the subsequent year(s).
 - d. Unsuccessful candidates for tenure during the fourth or fifth tenure-track years may be reappointed according to the normal policies and procedures articulated in this Handbook.
 - e. There is no appeal for the denial of tenure for candidates in the fourth or fifth tenure-track years.
6. Granting Year(s) of Credit toward Earning Tenure
- a. Year(s) of credit toward earning tenure must be offered in writing at the time of initial appointment toward tenure-track status. The candidate must accept or reject the service credit offer no later than December 15 of the appointment year for a fall appointment or no later than May 15 of the appointment year for a spring appointment.
 - b. Years of credit may be awarded for tenure track faculty service at a four-year accredited institution of higher education, or comparable experience (e.g., faculty who served in full-time positions at institutions of higher education which do not offer tenure).
 - c. A year of service for faculty in an academic year position is two consecutive semesters, or the equivalent. A year of service for faculty in a 12-month position is 12 months of full-time employment. A maximum of two years credit may be offered.
7. Tenure Upon Appointment/Immediate Tenure - Tenure may be granted to a faculty member upon appointment subject to the following:
- a. Upon a request of a Chair or a Department Search Committee that a faculty candidate be awarded tenure upon appointment, a majority of the tenured faculty of the affected Department must recommend to support such a request. Any such candidate must meet the following criteria:
 - (1) The appointee was previously tenured at a regionally accredited, baccalaureate-granting institution of higher education; or
 - (2) The appointee has achieved recognized, outstanding distinction in public service or the private sector.
 - b. If the tenured faculty members of the Department recommend that tenure upon appointment be awarded, that recommendation shall be reviewed by the Chair, the Dean, and the Provost, who shall each make a recommendation to the President.
 - c. After review of the prior recommendations, the President may recommend to the Board of Trustees that a candidate be appointed with tenure.
 - d. Per section II.H.4.g. above, the Board of Trustees retains the final decision-making authority regarding the conferring of tenure.
8. Faculty Tenure for Academic Administrators
- a. The President may recommend to the Board of Trustees that an academic administrator be awarded tenure upon appointment as an academic administrator if:

- (1) The administrator has been previously tenured at a regionally accredited, baccalaureate-granting institution of higher education; or
 - (2) The administrator has achieved recognized, outstanding distinction in public service or the private sector.
 - (3) The immediate supervisor of the academic administrator, as well as the chair and tenured faculty in the affected department, shall be consulted and shall be provided an opportunity to vote and make a written recommendation.
- b. Normally, individuals appointed to an academic administrative position should negotiate for tenure rights at the time of hire; the President may make an exception based on consultation with the relevant Department Tenured Faculty and Chair, College/School Dean, and the Provost.
- c. Rights of an Academic Administrator with Tenure
- (1) An academic administrator awarded tenure will have the rights of a tenured faculty member upon returning to faculty status.
 - (2) Up to one year of service as an interim administrator may count toward seniority as a faculty member.
 - (3) Tenure is a relevant, but not a dispositive, factor if there is a reduction in force within a program.
 - (4) Academic administrators may not use the appeal process available to terminated faculty to appeal termination of their administrative positions.
- d. Tenure for the President will be governed by procedures established by the Board of Trustees.

I. Promotion

1. Candidates for promotion will be evaluated in the areas of teaching, scholarly activities, and service as indicated above and as further delineated in Departmental Evaluation Guidelines.
2. In addition, candidates for promotion must:
 - a. Meet the performance expectations defined in this Handbook;
 - b. Adhere to all applicable policies set forth in this Handbook as a prerequisite to promotion; and
 - c. Have met the following minimum time-in-rank to be eligible for promotion to a higher rank, regardless of discipline:
 - (1) Instructors—no requirement.
 - (2) Assistant Professor—no requirement.
 - (3) Associate Professor—a minimum of six years total in rank as Assistant Professor at a regionally accredited baccalaureate-granting institution of higher education, two of which must have been at MSU Denver; the six-year minimum may be relaxed for faculty seeking the award of tenure and simultaneous appointment to the rank of Associate Professor during the fourth or fifth tenure-track year.

- (4) Professor—a minimum of four years in rank as Associate Professor at a regionally accredited baccalaureate-granting institution of higher education, two of which must have been at MSU Denver.
 - d. In determining years in rank, the current year (year in progress) during which application for promotion is made is counted as a year of service toward the requirement for time in rank.
 - e. A faculty member on leave for one or more semesters in an academic year can choose whether to have that academic year counted toward eligibility for promotion. Within 30 days of the beginning of the semester following the conclusion of the leave, the faculty member shall submit a written statement to the Department Chair and Dean indicating whether they want that academic year to count toward such eligibility. The Dean shall forward that statement to the Provost or the Provost’s designee.
3. For promotion to Professor, there is an expectation for a record of significant accomplishment in all three areas of evaluation.
4. Procedures for Promotion
- a. Reviews for promotion to Professor include: The Department RTP Committee, Department Chair, School/College RTP Committee, School/College Dean, FSRTPC, and Provost. NOTE: In the case of a Department Chair being evaluated for promotion, the recommendation of a Peer Review Committee, comprising at least three other Department Chairs appointed by the College/School Dean, will substitute for the recommendation of the Chair. The Department Chair will still evaluate the portfolios of other members of the Department undergoing promotion.
 - b. Portfolios for candidates for promotion to Professor shall automatically progress to the next review level; recommendations made at each level are not binding on any subsequent level.
 - c. If there is disagreement in the recommendations for promotion to Professor at any previous level of review, the Provost shall convene a reconciliation meeting. Participants shall include individual reviewers—e.g., Department Chair and College/School Dean—and the Chairs of the Department, College/School, and FSRTPC Committees.
 - (1) This meeting shall take place within seven days after the designated deadline for the candidate to respond to the Faculty Senate RTP Committee.
 - (2) The candidate shall not be a part of this meeting.
 - (3) The purposes of the meeting will be twofold:
 - (a) To understand the reasoning behind the differing evaluations; and
 - (b) To attempt to resolve differences before the Provost decides whether to award the candidate promotion to Professor.
 - d. The decision by the Provost to not award a candidate promotion to Professor is not appealable.
5. Portfolios for Promotion shall include the following:
- a. Promotion to Associate Professor
 - (1) Faculty seeking the award of tenure may submit the same Portfolio for simultaneous promotion to Associate Professor.

- (2) Faculty seeking promotion to Associate Professor without application for tenure shall include the same documentation items as delineated below for Portfolios for promotion to Professor.
- b. Promotion to Professor
 - (1) Narrative Statement: 3-8 pages in length
 - (2) Annotated Curriculum Vitae
 - (3) Student Ratings of Instruction and student comments since the date on which the tenure portfolio was submitted.
 - (4) Letters of review and faculty responses (if any) since the date on which the tenure portfolio was submitted.
 - (5) Reassigned time reports and evaluations, when relevant, since the date on which the tenure portfolio was submitted.
 - (6) Selected additional materials for review—a minimum of four and a maximum of nine.
 - (7) Supplementary documentation and other official and relevant information as determined by the Provost.
 - c. There is no appeal for a denial of promotion.
 - d. A faculty member who is denied promotion may apply for promotion in any subsequent year.
 - e. A majority of members voting at each of the Department, College/School or University Committees must vote in favor of awarding promotion in order for a promotion to be recommended at that level. Review committee members are obliged to vote for or against recommending approval of each application before the committee. Failure to recommend promotion shall not preclude a faculty member's application for promotion from proceeding to the next level of the review process.
6. Promotion of faculty serving in administrative positions: Faculty holding the rank of Associate Professor who serve in administrative positions have the right to apply for promotion to Professor upon meeting the eligibility requirements specified in this Handbook, section II.I.

In order for the time spent in the administrative position to count toward the promotion time-in-service criterion, the administrator must:

1. Teach at least three credits per year (fall, spring or summer);
2. Engage in scholarly activities as specified in Department guidelines; and
3. Engage in service activities as required in Department guidelines.

The faculty member should negotiate these arrangements with the appointing authority, in consultation with the Chair of the faculty member's home Department, prior to the administrative appointment. This negotiation shall result in a memorandum that articulates: 1) the teaching expectations for the candidate, with regard to advising obligations, assigned courses, and course scheduling; and 2) the type and quantity of service activities the candidate would need in order to meet Departmental standards.

Faculty serving in administrative positions have responsibilities and time constraints inherent to their administrative duties. These constraints and duties must be given appropriate consideration by all reviewers involved in making decisions on the administrator's promotion portfolio. Department RTP Committees and Department Chairs will, in their review letters, address specifically how the candidate has met Departmental standards within the context of the candidate's administrative responsibilities.

When a faculty member in an administrative position applies for promotion to Professor, reviewers will evaluate the faculty member according to the same Department guidelines as any other faculty member.

Compensation associated with promotion will be determined by Human Resources policies and procedures.

The evaluation process for the promotion of a faculty member in an administrative position will follow the same steps and procedures as those outlined in this Handbook, section II.F. Reviewers will include:

1. The Department RTP Committee from the administrator's home department;
2. The Chair of the administrator's home department;
3. The College/School RTP Committee from the administrator's home college/school;
4. The Dean of the administrator's home college/school (NOTE: In the event that the candidate is a Dean, a peer-committee comprised of at least a majority of the other Deans will conduct the Step 4 review);
5. The Faculty Senate RTP Committee; and
6. The Provost.

J. Post-Tenure Review

1. General Policies

- a. Post-tenure review is a comprehensive evaluation of the performance of tenured faculty, conducted on a five-year cycle.
- b. Where appropriate, faculty may submit a Portfolio for promotion in lieu of a Post-Tenure Review if both reviews occur in the same academic year and if time in rank warrants it.
- c. It is the responsibility of the faculty member to submit a Post-Tenure Review Portfolio according to the appropriate five-year cycle. Failure to submit a Post-tenure review portfolio constitutes a violation of contractual obligations.

2. Post-Tenure Review Policies

- a. Faculty undergoing Post-Tenure Review will be evaluated in the performance areas of teaching, scholarly activities, and service as outlined in section II.C.3 above, and as further delineated in Departmental Evaluation Guidelines defined in section II.D.
- b. No later than the deadline specified in the Procedural Calendar and every fifth year after the last comprehensive evaluation, the tenured faculty member shall prepare and submit a Post-Tenure Review Portfolio (see section II.J.2.d. below).

- c. A faculty member on leave for one or more semesters in an academic year can choose whether to have that academic year counted toward eligibility for Post Tenure Review. Within 30 days of the beginning of the semester following the conclusion of the leave, the faculty member shall submit a written statement to the Department Chair and Dean indicating whether they want that academic year to count toward such eligibility. The Dean shall forward that statement to the Provost or the Provost's designee.
- d. Post-Tenure Review Portfolio shall include the following:
 - (1) Portfolio Review Screen
 - (2) Narrative Statement—1-3 pages in length
 - (3) Annotated Curriculum Vitae
 - (4) All Student Ratings of Instruction since the last comprehensive evaluation.
 - (5) All Reassigned Time Evaluations since the last comprehensive evaluation.
 - (6) Letters of Review from the most recent comprehensive evaluation, e.g., tenure, promotion, or post tenure review.
- e. Following faculty submission of a Post-Tenure Review Portfolio, reviews shall be conducted by the following:
 - (1) The Department Review Committee
 - (2) The Department Chair. NOTE: In the case of a Department Chair being evaluated for Post-Tenure Review, the recommendation of a Peer Review Committee, comprising at least three other Department Chairs appointed by the College/School Dean, will substitute for the recommendation of the Chair. The Department Chair will still evaluate the portfolios of other members of the Department undergoing PTR.
 - (3) The College/School Dean. If the College/School Dean determines that the faculty member has successfully met standards for PTR, the review process will be complete, and the faculty member will begin a new five-year cycle starting at the beginning of the next fall semester.
 - (4) The University Appeals Committee: In the event that the Dean determines that a faculty member needs improvement, the faculty member may appeal to the University Appeals Committee.
 - (a) Upon being notified that the Dean has determined that a faculty member needs improvement, the faculty member will have seven calendar days to notify the Dean in writing that they are appealing that decision.
 - (b) After the faculty member has notified the Dean that they are appealing the decision, the Dean will have five business days to notify the University Appeals Committee of the appeal and to provide to the University Appeals Committee all materials pertaining to the faculty member's Post-Tenure Review portfolio.
 - (c) Upon being notified of the appeal, the University Appeals Committee will have 20 business days to review of the portfolio and submit a written recommendation, along with the candidate's PTR portfolio, to the Provost.

C. Dismissal of Faculty for Cause

After the expiration of a probationary period, faculty members who attain tenure have permanent and continuous employment with the University and their service should be terminated only for adequate cause. Untenured faculty members with term appointments are subject to the same standard of adequate cause if the University seeks to dismiss them during such appointment period. “Adequate cause” is an appropriate standard under which to terminate faculty so long as the justification for dismissal involves behavior related directly and substantially to the fitness of the faculty member in his or her professional capacity as a teacher

or researcher. Adequate cause refers especially to certain substantive grounds for dismissal, including but not limited to: demonstrated incompetence or dishonesty in teaching or research; substantial and manifest neglect of duty; personal conduct which substantially impairs the individual's fulfillment of his or her institutional responsibilities or incapacity. The following list of substantive grounds is not an exhaustive list, but is instead intended to assist decision makers in determining whether the contemplated dismissal is supported by adequate cause.

1. Grounds for dismissal constituting adequate cause include:
 - a. Academic fraud or dishonesty (e.g., misrepresentation of academic credentials or professional contributions, falsification of research data or results, plagiarism or similar unethical behavior.)
 - b. A mental or physical disability, which even with reasonable accommodation, substantially interferes with the person's ability to perform the essential functions of the job. Dismissal under these grounds shall be in compliance with Federal law, which prohibits discrimination against disabled persons.
 - c. Neglect of duty (the willful and repeated nonperformance of duties or responsibilities reasonably required of faculty or willful and repeated noncompliance with reasonable directives of another that is within the authority of that person).
 - d. Unlawful conduct, conviction of a felony or acceptance of a guilty plea or a plea of nolo contendere to a felony that renders the faculty member unable or unfit to perform his or her duties.
 - e. Failure to meet material standards of performance included in this Handbook, written job descriptions, post-tenure performance improvement plans or other specific performance improvement plans or warnings instituted under this Handbook.
 - f. Unprofessional conduct as described in section IX.C.2 of this Handbook if the nature, gravity, and/or frequency of the unprofessional conduct justifies dismissal.
 - g. Violation of University policies which apply to all employees if the nature, gravity and/or frequency of the violation justifies dismissal.
2. Professional Conduct, Ethics and Responsibilities of Faculty:

Faculty shall be guided by a common sense interpretation and application of the general standards of professional conduct summarized in this section relating to academic responsibilities and responsibilities to students, colleagues, staff and the University, as well as responsibilities as citizens. The University hereby adopts and incorporates by reference the AAUP's 1987 Statement on Professional Ethics as the standard against which faculty conduct will be measured.

3. Notice of Dismissal of Faculty for Cause:
 - a. Form of Notice. Notice shall be given in writing and shall be either delivered in person or by electronic transmission and by certified mail to the address shown on the personnel records of the institution.
 - b. Source of Notice. The Provost has responsibility for giving notice of dismissal.
 - c. Contents of Notice. The notice shall set out each ground claimed as justification for the dismissal with reasonable particularity. In addition, the notice shall inform the faculty member of the effective date of the dismissal and of his or her right to a hearing and review pursuant to this

Handbook.

4. Effective Date of Dismissal for Faculty:

- a. Salary and benefits remain until the effective date of dismissal.
- b. The effective date of a dismissal for cause is one of the following:
 - (1) If no timely request for a hearing is made, the day following the day on which the time for requesting a hearing expires, or any subsequent day designated in the notice; or
 - (2) If the faculty member withdraws a timely request for a hearing, the day after the withdrawal.
 - (3) If a timely request for a hearing is made, the day on which the hearing officer makes an initial decision upholding the dismissal; or
 - (4) If a timely request for a hearing is made and the hearing officer makes an initial decision reversing the dismissal, the date on which the Board of Trustees upholds the dismissal.
 - (5) If the Board of Trustees reverses the dismissal and a hearing officer's decision upholding the dismissal, the faculty member's salary and benefits shall be restored retroactively.

D. Appeal of the Decision of Dismissal for Cause

A faculty member who has been notified of a dismissal for cause may appeal the decision using the process described below.

1. Formal Review of Dismissal Decisions:

a. Hearing Officer Review

- (1) The affected faculty member is entitled, upon timely and complete application, to a full and fair hearing before a hearing officer in accordance with this section D.1.a.
- (2) An application for hearing before a hearing officer is timely if it is delivered in writing to the office of the Provost within fourteen calendar days after the faculty member receives the notice of dismissal. The application must include the notice, a written reply thereto by the faculty member, and a written request for a hearing in accordance with this section. The written reply may be in the form of a letter or memorandum. A timely application for a hearing shall be deemed a request for all documents considered by the University Provost to be relevant to dismissal of the faculty member. Within fourteen days after the receipt of a timely application for hearing, the Provost shall make available to the faculty member all requested documents, subject to restrictions pertaining to the confidentiality of personnel records of other employees. The hearing officer shall be empowered to rule on all issues pertaining to the production of records.
- (3) Upon receipt of a timely application for hearing before a hearing officer, the faculty member and Provost shall select a hearing officer from a panel of individuals provided by a neutral external source (e.g., American Arbitration Association, Judicial Arbitrator Group, or the Colorado Office of Administrative Courts.) Three names from the panel will be chosen by lot, and the faculty member and the Provost shall each strike one name from the list and the remaining person will serve as hearing officer. The selection shall be made no more than fourteen days after the receipt of the list from the external source.

- (4) Costs for the hearing officer procedure, including the recording of the hearing, shall be borne by the University, except that the faculty member and the University shall each be responsible for expenses incurred at their individual requests during the grievance process, such as the expenses for transcripts, witnesses, and attorneys.
 - (5) The hearing is governed by the provisions of this subsection. The faculty member is entitled to the active participation of legal counsel of his or her own choosing and at his or her own expense. The Provost is entitled to legal counsel by the University's General Counsel's office. The hearing officer shall give notice of a hearing to be held within fourteen days after the hearing officer's initial appointment or at such other time as is agreed to by the faculty member and the administration. The notice of dismissal and the reply of the faculty member shall be deemed to be the pleadings for purposes of the hearing, except that the faculty member may amend his or her reply at any time at or before the commencement of the hearing. The Provost, or his/her representative, shall bear the burden to go forward with evidence and the burden of persuasion, with respect to the grounds for dismissal stated in the notice. The burden of going forward with the evidence and the burden of persuasion rest upon the faculty member as to any affirmative assertion or allegation contained in the reply as amended, other than a denial of any ground or reason stated in the notice. No evidence may be admitted at the hearing which is not relevant either to a ground stated in the notice or to an assertion contained in the reply.
 - (6) Upon conclusion of the hearing, the hearing officer shall have 35 days to make findings of fact and conclusions, and issue an initial decision.
- b. Board of Trustees' Review
- (1) The hearing officer shall promptly transmit the initial decision, along with the record and the findings of fact and conclusions, to the President of the University for review by the Board of Trustees.
 - (2) The Board of Trustees shall review and take action on the decision of the hearing officer at its next regularly scheduled meeting or as soon as practicable.
 - (3) The decision of the Board of Trustees is the final decision by MSU Denver.

E. Layoff of Faculty Due to Program Reduction or Elimination Not Mandated by Financial Exigency

1. Layoff of faculty with an appointment of continuous tenure, or of a probationary appointment before the end of the specified term, may occur as a result of bona fide formal reduction or discontinuance of a program or department of instruction.
2. The decision to reduce or discontinue formally a program or department of instruction will be based upon educational considerations as determined primarily by the faculty as a whole. Educational considerations do not include cyclical or temporary variations in enrollment. They must reflect long-range judgments that the educational mission of the institution as a whole will be enhanced by discontinuance.
3. In recognition of the importance of the faculty's expertise in academic decision making, and consistent with the recommendations of the AAUP, the Provost shall present all proposals to eliminate or reduce programs or departments for essentially educational reasons to a body elected

by the faculty, currently the Faculty Senate. That elected body shall review the matter and shall report to both the President and the Board of Trustees.

4. If the Board of Trustees determines that faculty positions should be eliminated due to the reduction or elimination of an educational program, faculty members, including tenured faculty, may be laid off in accordance with the “Considerations for Layoff” stated forth below. The Board of Trustees shall require that program changes that entail layoff of faculty be planned and justified sufficiently in advance to permit compliance with the Handbook’s requirements on notice of layoff.
5. This section is subject to the provisions of the “Notice of Layoff of Faculty” below. If no position is available within the institution, with or without retraining, the faculty member’s appointment may then be terminated, but only with provision for notice and/or severance detailed below. If placement in another position would be facilitated by a reasonable period of training, financial and other support for such training will be proffered.

F. Layoff of Faculty Due to Financial Exigency

Faculty may be laid off due to a financial exigency as defined in this Handbook. This policy defines the rights and privileges to be accorded to tenured faculty when programs are reduced, reorganized, or terminated due to a financial exigency.

1. **Definition:** A financial exigency is an imminent financial crisis that threatens the survival of the institution as a whole and that cannot be alleviated, in the judgment of the Board of Trustees, by less drastic means. Examples of these events include, but are not limited to significant declining student enrollments, reductions in state appropriations, loss of other income, or some serious event or events requiring unanticipated major expenditure reductions.
2. **Declaration of Financial Exigency:** A financial exigency can be declared by the Board of Trustees after consideration of a recommendation by the President or on its own motion after considering the positions of the President and Faculty Senate as described below. In seeking a declaration of financial exigency the President shall make a presentation to the Board of Trustees concerning the reasons that the President believes a financial exigency exists. The President shall also describe the steps taken to evaluate and alleviate the financial condition of the University. The presentation shall include a review of all reasonable alternatives to declaration of a financial exigency.
3. **Response to a Financial Exigency:** The President shall develop a plan to respond to the exigency, considering the criteria below as appropriate in his or her judgment, and present it to the Faculty Senate for its review, comment, and recommendations, which shall also be presented to the Board of Trustees along with the President’s plan. The President has the final responsibility for the development of the administration’s plan presented to the Board of Trustees. The Faculty Senate may make a presentation to the Board of Trustees, giving the board an opportunity to hear the range of opinions and recommendations considered.
 - a. Educating students is the University’s reason for existence and its highest priority. Consequently the response plan shall place priority on preserving and supporting academic programs. The President should consider taking any of the approaches listed below, without limitation, prior to recommending layoff off of tenured faculty:
 - (1) Offering cash funded courses and other options;
 - (2) Offering early retirement and/or temporary leave programs;

- (3) Reductions in compensation; and
 - (4) Program reduction or elimination.
4. Implementation of the Response Plan: For a response to be put into effect the Board of Trustees must approve the plan.

G. Considerations for Layoffs

1. In cases where faculty members are to be terminated due to program reduction or elimination or financial exigency, the following priority process shall be used:
 - a. First, any part-time faculty;
 - b. Second, any temporary faculty;
 - c. Third, any probationary faculty; and
 - d. Finally, and as a last resort, tenured faculty.
2. Tenured Faculty:
 - a. In reducing the number of tenured faculty, the department chairs and deans shall strive to maintain the viability of academic programs. Decisions regarding reduction of the tenured faculty within a program shall be based on the following information: length of service at the University, experience, department needs, affirmative action considerations, documented evidence of past performance, and other information appropriate to the decision. Recommendations regarding layoff of tenured faculty will be made to the Provost for review and recommendation and thereafter to the President for final decision. When a recommendation is made primarily on criteria other than seniority, the dean and the department chair must present a statement supporting the recommendation to the Provost.
 - b. Before layoff of a tenured faculty member, the institution, with faculty participation, will make every effort to place the faculty member in another suitable position within the institution.
 - c. In all cases of layoff of tenured faculty, the place of the faculty member affected will not be filled by a replacement within a period of three years, unless the affected faculty member has been offered reinstatement and a reasonable time in which to accept or decline it or the faculty member has notified the University that the faculty member has retired and will not return.
3. Notice of Layoff of Faculty:
 - a. Time of Notice:
 - (1) Tenured Faculty.
 - (a) In the case of tenured faculty laid off because of program reduction or elimination not due to financial exigency, notice of layoff shall be given no later than one academic year prior to the layoff.
 - (b) In cases of layoff due to financial exigency, tenured faculty shall be given notice as soon as practicable and severance shall be considered if institutional resources permit to give the faculty member a combination of notice and severance equal to one academic year.
 - (2) Non-tenured Faculty. Notice shall be given as soon as practicable.

- b. Form of Notice: Notice shall be given in writing and shall be either delivered in person or by electronic transmission and by certified mail to the address shown on the personnel records of the institution.
- c. Source of Notice: The President has the responsibility for giving notice of layoff.
- d. Content of the Notice: Notice shall inform the faculty member of the effective date of the layoff and of his/her right to a hearing and review, if any, pursuant to this Handbook. The notice shall set out each ground claimed as justification for the layoff.

H. Appeal Procedure for Layoffs

1. Appeal Process: Any tenured faculty member who has been notified of his or her layoff may appeal the decision using a hearing officer as described below. Failure to appeal as provided herein shall be deemed the faculty member's acceptance of the layoff decision and a waiver of his or her right to a hearing. This policy shall not prevent the faculty member from filing complaints to State and Federal agencies responsible for enforcing the civil rights laws.
 - a. Stage One: Within twenty-one calendar days after receiving a notice of layoff the affected faculty member may initiate an appeal of the decision by filing a notice of appeal. To be effective, the notice of appeal does not require detail and may be a simple notification of the appeal, without specific grounds stated. The notice of appeal must be received at the office of the President within this twenty-one day period, except that the President may, at his or her sole discretion and for demonstrated good reason, accept a late notice. A timely notice of appeal shall be deemed a denial of each and every ground for layoff. A timely notice of appeal shall be deemed a request for all documents considered by the President to be relevant to the selection of the individual faculty member for layoff.
 - b. Stage Two:
 - (1) The President shall notify the appealing faculty member of receipt of the appeal notice within seven days. Within fourteen days after receipt of the appeal notice, the President shall make available to the faculty member all requested documents, subject to restrictions pertaining to confidentiality of personnel records of other employees.
 - (2) The hearing officer shall be empowered to rule on all issues pertaining to the production of records.
 - c. Stage Three: Twenty-one calendar days after the receipt of the requested records, the faculty member must submit a comprehensive appeal statement. This document shall outline the reason(s) for the appeal and shall fully set out his or her rebuttal.
 - d. Hearing Officer Review: Upon the President's receipt of a timely stage three comprehensive appeal statement, the faculty member and President shall select a hearing officer and a hearing shall be conducted and a decision rendered in accordance with section IX.D.
 - (1) If more than one appeal arises from the layoff, the hearing officer may consider consolidating the hearings so long as consolidation is consistent with all parties' rights of due process of law and taking into account similarities among the comprehensive appeal statements.

- (2) The notice of layoff, the notice of appeal and the comprehensive appeal statement shall be deemed to be the pleadings for purposes of the hearing.
 - (3) The Board's financial exigency declaration shall be affirmed by the hearing officer unless s/he finds that the decision was not based on substantial evidence.
 - (4) The hearing officer shall determine in the initial decision whether the University has violated the policies and procedures concerning layoff.
- e. Board of Trustees' Review: The transmittal of the initial decision of the hearing officer and the Board of Trustees' review shall take place in accordance with section IX.D.

I. Administrators with Faculty Tenure

Terminated administrators who possess faculty tenure and, under certain circumstances, terminated administrators who held probationary faculty positions before transferring to the administration, may return to the faculty in accordance with the following provisions.

1. Transfer from Faculty Status to Administrative Status. Probationary and tenured faculty who transfer to full-time administrative positions retain the seniority earned as faculty members and, if tenured, retain their tenure as faculty members. The administrative appointment is agreed upon in a separate contract, apart from the faculty employment agreement. Probationary faculty who transfer to full-time administrative positions have the right to return to faculty status subject to the availability of a position. Any academic year during which probationary faculty members are employed as administrators for one or more semesters shall not be included in their probationary periods.
2. Tenured faculty members who transfer to full-time administrative positions have the right to return to the University department, program area or other similar academic unit in which they acquired tenure upon termination or resignation from the administrative appointment. Should a faculty member's right to return to the faculty under this section conflict with another faculty member's retention rights under this Handbook, the faculty member with retention rights shall be appointed to the position if both faculty members are either probationary or tenured. However, if one faculty member is tenured and the other is probationary, the tenured faculty member shall be appointed to the position. Administrators at the executive level (Provost, Vice Presidents, Deans) may return to their tenured faculty position upon conclusion of the administrative appointment.
3. For individuals returning to faculty that served in interim or reassigned administrative roles, the annual salary upon return to faculty shall be calculated based on the faculty rank at time of administrative appointment and at a base salary resulting from the projected salary as a result of any increases which occurred during the administrative appointment and with the average of "n" number of evaluations.
4. Executives (Provost, Vice-Presidents, Deans) upon leaving office through termination or resignation who have been awarded tenure by the board may choose to remain at the University as a Professor with a tenured appointment. The salary shall be no less than the salary of the highest paid full professor in the affected department.
5. Transfer from Administrative Status to Faculty Status. Professional employees initially hired in administrative positions who were neither appointed with nor subsequently granted academic rank and tenure do not have a right to faculty status or positions. This policy does not preclude administrators from being appointed to part-or full-time faculty positions, but faculty seniority and

other faculty rights must be earned through service as a faculty member.

Administrators who, prior to September 18, 1981, and prior to assuming administrative positions, were given faculty status shall retain a right to return to faculty status subject to the availability of a position and to assurance that they are qualified to teach in their assigned academic disciplines. Such eligible individuals are to be identified and their names reported to the Board.

Chief academic officers and senior academic deans who were appointed with or granted rank and tenure on or after March 10, 1989, have the right to transfer to the University department, program area or other similar academic unit in which they were tenured. This right shall be subject to the limitations applicable to tenured faculty members returning to the faculty from administrative positions.

6. **Transfer from a Temporary Appointment to Either a Faculty or an Administrative Appointment.** Professional personnel serving in a temporary capacity may be appointed to probationary faculty positions or to administrative positions if they are selected following the normal selection procedures of the University for such positions. However, time spent on temporary contracts, whether full-time or part-time, does not count as service time for seniority or, in the case of faculty appointments, probation, and such faculty appointees must be given probationary contracts and begin de novo the accrual of probationary service time.

J. Relationship of Academic Rank and Tenure to Professional Status.

The classification of professional personnel as faculty or administrator is independent of faculty rank and tenure. Thus, certain administrators may hold faculty rank and tenure if they are qualified and if they have been awarded rank and tenure the Board of Trustees. However, the procedure applicable in the case of termination is to be determined solely by professional status and not by rank and tenure.

X. DISCIPLINARY PROCEDURES AND SANCTIONS

A. Coordination with Grievance Procedures

1. Grievance procedures have been adopted by the University to review allegations that professional personnel violated institutional rules prohibiting unlawful discrimination (including sexual harassment).
2. In order to avoid duplicative proceedings and the risk of inconsistent decisions, affirmative action grievance proceedings that satisfy constitutional due process requirements shall constitute the investigative steps in this procedure.
3. If a faculty member is found responsible for violation of University anti-discrimination policies through the affirmative action grievance proceedings, the supervisor may initiate sanctions consistent with the procedures described below. Should the affirmative action grievance proceeding result in a recommendation of termination for cause, the President may commence a termination proceeding in accordance with the articles of this Handbook.

B. Levels of Disciplinary Action

1. Disciplinary actions can be categorized as either “minor” or “major”.
 - a. Minor disciplinary action includes, but is not limited to, written reprimands or temporary loss of

Departmental privileges (for example, loss of access to discretionary resources for one semester.)

- b. Major disciplinary action includes, but is not limited to, mandated training/counseling, removal from certain types of service roles at School/College or University levels, reassignment, demotion in academic rank, reduction in salary, suspension, or termination.
- c. Faculty will have the right to appeal the imposition of any disciplinary action.

C. Causes for Disciplinary Action

1. Any attempt to list all possible potential causes for disciplinary action will necessarily be incomplete. However, the Faculty Employment Handbook identifies certain types of behaviors as problematic and subject to sanction. These types of behaviors can vary in severity and frequency, and as such, should be subject to disciplinary sanctions that also differ in severity. These types of behaviors include, but are not limited to:
 - a. Academic fraud or dishonesty.
 - b. Misuse of University property.
 - c. Gross neglect of duty, including significant failure to fulfill obligations associated with teaching, advising, scholarship and service.
 - d. Unlawful conduct, commission of a crime or conviction of a felony or acceptance of a guilty plea or a plea of nolo contendere to a felony (while employed at MSU Denver) that renders the faculty member unable or unfit to perform his or her duties.
 - e. Failure to meet material standards of performance included in the Handbook, written job descriptions, post-tenure performance improvement plans or other specific performance improvement plans or warnings instituted under the Handbook.
 - f. Failure to adhere to ethical and professional standards inherent in the faculty member's discipline or, more generally, inherent in the role of a faculty member as described in the AAUP Code of Ethics.
 - g. Violation of Department, School/College, and/or University policies that apply to that employee.
2. When evaluating causes of action, all reviewing bodies and supervisory levels shall independently consider the impact of investigation and sanctions on the academic freedom inherent in the role of all members of the faculty, as defined by the AAUP's 1940 Statement of Principles of Academic Freedom and Tenure. Anybody or individual beyond the complainant recommending investigation or imposing sanctions shall explicitly note their analysis of the academic freedom impact in their recommendations or in their justification of the imposition of sanctions.

D. Progressive Disciplinary Action and Sanctions

1. Disciplinary sanctions should be progressive in nature. Repeated incidents of the same or similar forms of misconduct should be referred to a higher supervisory level, and may result in increasingly severe sanctions.
2. Different types of sanctions are available to different supervisory levels – i.e., the University President will have a greater range of sanctions at her/his disposal than will a Department Chair.
3. For disciplinary actions involving a faculty member not serving as a Department Chair, the supervisory

chain of command will include: Department Chair, School/College Dean (or his/her designee), Provost (or his/her designee), President (or his/her designee), and Board of Trustees. For disciplinary actions involving a Department Chair, the supervisory chain of command will include: School/College Dean (or his/her designee), Provost (or his/her designee), President (or his/her designee), and Board of Trustees.

E. Procedures

1. Nothing contained in this document precludes a voluntary attempt by the relevant parties to resolve potential disciplinary actions informally. In cases of a first instance of minor misconduct, the supervisor should make every effort to resolve the issue informally.
2. In any instance in which a supervisor considers the imposition of a disciplinary sanction, the respondent's rights of due process and appeal must be protected.
3. Professional misconduct complaints should be submitted to the supervisory level closest to the employee against whom the complaint was made. In cases involving faculty, this would normally be the Department Chair. For cases involving Department Chairs, this would normally be the School/College Dean.
 - a. Minor Misconduct
 - (1) Upon becoming aware of an allegation of misconduct against a faculty member, the Department Chair will conduct an initial assessment of the severity of the alleged misconduct. If the alleged misconduct is relatively minor the Department Chair should address the issue directly with the faculty member. This may result in no sanction, or the imposition of a minor disciplinary sanction. In cases of minor misconduct, a written warning is a required first step. The Department Chair should only proceed to sanctions if there are repeated occurrences of the same or similar minor misconduct.
 - (2) Written warning: A written statement from the supervisor to the faculty member identifying the precise nature of the faculty member's misconduct and notifying the faculty member that subsequent misconduct may result in official sanction. The warning will be shared with the faculty member and the next level supervisor, but will not be placed in the faculty member's personnel file, nor will it be included in the portfolio for the purposes of faculty evaluation. The faculty member will have the right to submit a response to the Department Chair and School/College Dean.
 - (3) In cases of repeated occurrences of the same or similar minor misconduct, the Department Chair may impose an additional minor sanction, or may refer this issue to the School/College Dean. The School/College Dean should assess the severity of the misconduct and, if appropriate, assign a sanction.
 - b. Major Misconduct
 - (1) In cases of ongoing minor misconduct (e.g., repeated failure to maintain office hours), or in cases of serious misconduct (e.g., intentional refusal to adhere to University policy regarding accommodations for students with disabilities), the Department Chair receiving the complaint will inform the respondent, in writing, that a complaint has been received, the name of the complainant, the specific allegations included in the complaint, and that

the complaint will be reviewed to determine whether or not a formal investigation is warranted.

- (2) The Department Chair will consult with the School/College Dean to determine jurisdiction. Depending on the nature and/or severity of the complaint, this consultation may also include other relevant parties such as the Provost, the University General Counsel, the Equal Opportunity Office, and/or the Director of Human Resources. This initial consultation will determine:
 - (a) Whether there is sufficient basis for investigating the complaint; and if there is sufficient basis for investigation,
 - (b) The appropriate level (Department Chair, Dean, Provost, or President) to manage the complaint.
- (3) The determination of the appropriate level to manage a complaint will be based on factors such as:
 - (a) The severity of the alleged professional misconduct; and
 - (b) The respondent's prior history of professional misconduct.
- (4) If the initial consultation concludes that there is insufficient basis for investigation, the Department Chair receiving the complaint will dismiss the complaint without further action. The Department Chair will inform the complainant and the respondent, in writing, that the complaint has been dismissed.
- (5) If the initial consultation concludes that there is sufficient basis for investigation, once jurisdiction is determined, the responsible supervisor (as identified in IX.E.3.b., above) will conduct the investigation, or will appoint an investigatory committee or individual to conduct the investigation. The investigator or investigatory committee must have no conflicts of interest in the case and must conduct a fair and objective investigation. The nature and extent of the investigation will differ depending on the nature and severity of the alleged misconduct. All interviews conducted as part of the investigative process shall be recorded by the institution and those recordings will be retained for the duration of the investigation. In those cases where disciplinary sanctions are imposed, the recording will be retained for the duration of the sanction. Interview subjects shall also have the option of making personal recordings and being accompanied to any interview by an observer of their choosing. They may consult with their observer during the interview. The subject of the interview is responsible for arranging for this observer. If an observer is going to be present, the subject of the interview shall notify the interviewer of the identity and role of that observer no less than 24 hours in advance.
- (6) Within 5 days of the determination that an investigation will be undertaken, the responsible supervisor will inform the respondent and complainant, in writing, that an investigation will be conducted.
- (7) Regardless of the structure of the investigation, any investigation of alleged misconduct must include an opportunity for the faculty member to respond to the allegations. Such responses, whether they be oral or written, will become part of the investigative record, and will be subject to the retention guidelines specified above in subsection (5).

- (8) The responsible supervisor will review the findings of the investigation and either will dismiss the allegations without further action or will meet with the respondent to review the findings of the investigation.
- c. For either minor or major misconduct, if the allegations are substantiated, the responsible supervisor will determine sanctions. Identified sanctions include, but are not limited to:
 - (1) Minor Disciplinary Action
 - (a) Sanctions available to the Department Chair, Dean, Provost, and President:
 - (i) Written reprimand: A written statement from the supervisor to the faculty member identifying the precise nature of the faculty member's misconduct and notifying the faculty member that subsequent misconduct may result in more severe sanction. The written reprimand is to be placed in the faculty member's official personnel file in the Office of Human Resources. A written reprimand can be appealed per the procedures described in section F below.
 - (ii) Temporary loss of privilege, such as access to discretionary funds. This sanction can be appealed per the procedures described in section F below.
 - (b) Sanctions available to the Dean, Provost, and President
 - (i) Required counseling, participation in a rehabilitation program, remedial instruction, or other training to be paid for by the University. These sanctions can be appealed per the procedures described in section F below.
 - (ii) Removal from and/or ineligibility to serve on Department, College/School, and/or University committees or other shared governance bodies for a period not to exceed 3 academic years. (If this sanction is imposed, the supervisor imposing the sanction is required to develop a plan, in consultation with the faculty member and Department Chair, to ensure that the faculty member will have other opportunities to meet his/her service requirements, as defined in the faculty member's Department Evaluation Guidelines.) These sanctions can be appealed per the procedures described in section F below.
 - (2) Major Disciplinary Action
 - (a) Sanctions available to the Provost and President:
 - (i) Reassignment to other professional positions or different job duties, with or without a reduction in pay.
 - (ii) Reduction in salary or a reduction or denial of a salary increase.
 - (iii) Reduction in rank or denial of promotion.
 - (iv) Suspension with or without pay not to exceed one academic year.
 - (b) Sanctions available only to the President:
 - (i) Termination for cause in accordance with the Handbook, as applicable, if the nature, gravity, and/or frequency of the unprofessional conduct justifies termination.

F. Appeals/Faculty Right to Respond: Minor Disciplinary Action

1. In cases in which a written warning is issued, the Department Chair will provide copies of the warning to the faculty member and to the School/College Dean. The faculty member will have the right to submit a response to the written warning to the Department Chair and School/College Dean. No further action is necessary.
2. The faculty member may appeal any sanction.
3. A memorandum specifying any sanction will be written by the responsible supervisor imposing the sanction, and will be placed in the faculty member's personnel file, along with relevant supporting documentation (e.g., copies of complaints, investigation reports, etc.):
 - a. The faculty member shall be provided with a copy of the memorandum and all other documentation at least 10 working days prior to the possible placement of such materials in the faculty member's personnel file;
 - b. The faculty member may appeal the sanction by requesting, no later than 5 working days after receipt of the memorandum and materials, a conference with the next level supervisor to discuss the reasons for the sanction. Such a request shall not be unreasonably denied.
 - c. The next level supervisor, after meeting with the faculty member and consulting with the supervisor imposing the sanction, may dismiss the proposed sanction, impose an alternative sanction, or uphold the proposed sanction.
 - d. In the event that a sanction is imposed, the faculty member shall have the right to attach a rebuttal to the memorandum and/or materials, or to request correction of the record. Such rebuttal and/or correction will also be placed in the employee's personnel file.
 - e. Three years from its effective date, the faculty member may submit a request to the Associate Vice President of Human Resources to remove documentation of the sanction, and any rebuttal submitted by the faculty member in response to that sanction, from the employee's personnel file. Such a request shall not be unreasonably denied. If approved, a statement verifying the permanent removal of the materials shall be provided to the faculty member. Neither the request for such a removal nor the statement verifying the removal shall be placed in the official personnel file. This provision shall not be implemented under the following conditions:
 - (1) a notice of disciplinary action has been served on the faculty member and documentation of the prior sanction is related to the pending disciplinary action; or
 - (2) a subsequent sanction(s) of a similar nature has been placed in the personnel file within the 3 year period. If, after three years from its effective date, the faculty member requests the removal of the subsequent sanction, then the faculty member may also request the removal of the prior sanction(s) of a similar nature.
 - f. A memorandum describing a disciplinary sanction in the faculty member's personnel file at the time of retention, tenure, promotion, or post-tenure review may be considered as part of the faculty member's portfolio, as will any response submitted by the faculty member. If included in the portfolio, it is incumbent upon the Department Chair or Dean to specify how the sanction relates to the areas of Teaching, Service or Scholarship.

G. Appeals/Faculty Right to Respond: Major Disciplinary Action, Excluding Termination for Cause

1. Procedures for Appeal

- a. No less than 10 working days prior to the imposition of any major disciplinary sanction, the supervisor imposing the sanction (i.e., Provost, President) will provide the employee with written notice of the pending sanction. The written notice will include:
 - (1) The cause(s) for disciplinary action;
 - (2) The pending sanction;
 - (3) The proposed effective date of the pending sanction; and
 - (4) The right of the faculty to appeal the pending disciplinary action and to have the matter heard.
- b. Within 5 working days of the receipt of the notice of a pending major disciplinary sanction, the faculty member may, if they so choose, submit a written notice of his/her intent to appeal the sanction.
 - (1) The appeal may challenge the manner in which the investigation was conducted, the interpretation of the findings of the investigation, or the severity of the pending sanction;
 - (2) The faculty member should submit the notice of intent to appeal to the supervisor proposing the sanction (i.e., Provost, President), the next level supervisor (i.e., President, Board of Trustees), and the Faculty Senate Vice President, who serves as convener of the Disciplinary Appeals Committee (DAC);
 - (3) The supervisor proposing the sanction will not impose any disciplinary sanctions while the appeal is being adjudicated.
- c. Within 10 working days after submitting a notice of intent to appeal, the faculty member may, if they so choose, notify the supervisor proposing the sanction, the next level supervisor, and the Faculty Senate Vice President of their intent to invite legal counsel, or other advocate to, and/or their interest in having an audio recording made of, the hearing (Sec. X.G.1.f).
- d. No more than 10 working days after receiving a notice of intent to appeal, the Faculty Senate Vice President must submit a list of eligible members of the DAC to the faculty member and the next-level supervisor. The faculty member and the supervisor proposing the sanction will take turns removing names until three remain (if four remain after the faculty member and the supervisor proposing the sanction have removed the same number of names, the Faculty Senate Vice President will remove the final name). If either party fails to participate in this step within five working days, the Faculty Senate Vice President will remove names on their behalf. The three remaining will comprise the Hearing Panel for the appeal. These three will select a chair for the Hearing Panel.
- e. No more than 20 working days after submitting the notice of intent to appeal, the faculty member will submit the appeal materials to the supervisor proposing the sanction (i.e., Provost, President) and the Faculty Senate Vice President, who must provide the materials to the Chair of the Hearing Panel. The materials should include detailed documentation of the disputed facts and defenses to the allegation of misconduct. The Hearing Panel may, at their discretion, request additional materials. Such additional materials may be delivered later than 20 working days after

submitting the notice of intent to appeal. However, non-delivery of such additional materials requested by the Hearing Panel shall not cause the date of the hearing to extend beyond the deadline (Sec. X.G.1.)

- f. No more than 10 working days after receiving the appeal materials, the Hearing Panel will meet to hear the appeal. The conduct of the hearing will adhere to the policies and procedures regulating the functioning of the Hearing Panel. After hearing the appeal, the Hearing Panel will have 5 working days to submit a written report detailing its findings and recommendations. The Hearing Panel may:
 - (1) Recommend that the case be dismissed and no sanctions imposed;
 - (2) Support the finding of culpability, but recommend a less severe sanction;
 - (3) Support both the finding of culpability and the proposed sanction.
- g. The report of the Hearing Panel will be distributed to the appealing faculty member, the supervisor proposing the sanction (i.e., Provost, President), and the next level supervisor (i.e., President, Board of Trustees).
- h. The next level supervisor (i.e., President, Board of Trustees) will review the recommendations of the Hearing Panel, along with information derived from the original investigation, and will make a final determination.
- i. Should the reviewing supervisor decide to ignore the recommendations of the Hearing Panel by imposing a more severe penalty than that advised by the Hearing Panel, the supervisor must state reasons for their decisions in writing, and allow the faculty member and Hearing Panel to respond before imposing any penalty, thereby allowing for a reconsideration. This written discussion shall become part of the employee's personnel file should the supervisor uphold their finding of culpability.
- j. If the supervisor hearing the appeal upholds the finding of culpability, a memorandum specifying the sanction will be placed in the faculty member's personnel file, along with relevant supporting documentation (e.g., copies of complaints, investigation reports, reports from the Hearing Panel, etc.):
 - (1) The faculty member shall have the right to attach a rebuttal to the memorandum and/or materials, or to request correction of the record. Such rebuttal and/or correction will also be placed in the employee's personnel file.
 - (2) Three years from its effective date, the faculty member may submit a request to the Associate Vice President of Human Resources to remove records of the sanction, and any rebuttal submitted by the faculty member in response to that sanction, from the employee's personnel file. Such a request shall not be unreasonably denied. If approved, a statement verifying the permanent removal of the materials shall be provided to the faculty member. Neither the request for such a removal nor the statement verifying the removal shall be placed in the official personnel file. This provision shall not be implemented under the following conditions:
 - (a) a notice of disciplinary action has been served on the faculty member and documentation of the prior sanction is related to the pending disciplinary action; or

- (b) a subsequent sanction(s) of a similar nature has been placed in the personnel file within the three year period. If, after three years from its effective date, the faculty member requests the removal of the subsequent sanction, then the faculty member may also request the removal of the prior sanction(s) of a similar nature.
 - (3) A memorandum describing a disciplinary sanction in the faculty member's personnel file at the time of retention, tenure, promotion, or post-tenure review may be considered as part of the faculty member's portfolio, as will any response/rebuttal submitted by the faculty member.
- 2. The Disciplinary Appeals Committee (DAC)
 - a. Composition: The DAC shall consist of:
 - (a) The Faculty Senate Vice President, who serves as convener with full membership on the committee.
 - (b) Up to two tenured faculty members elected from each School/College
 - (2) Terms: Two years. For the initial election of the DAC for Fall 2020, Schools and Colleges will offer one seat with a one-year term and one seat with a two-year term. Schools and Colleges should seek to fill vacated seats by the beginning of each fall semester.
 - (3) Training: Hearing Panels may at their sole discretion request training from the University.
 - (4) Hearing Panels
 - (a) Eligibility: for the purpose of selecting a Hearing Panel, eligible members of the DAC are those who
 - (i) Do not have a direct relationship to the investigation,
 - (ii) and have not voluntarily recused themselves for the case to be heard.
 - (b) Composition: Hearing Panels consist of eligible full members of the DAC selected according to the procedures in Sec. X.G.I.
 - (c) Responsibilities:
 - (i) Select a Hearing Panel chair.
 - (ii) Review materials pertaining to the appeal for which the Hearing Panel was formed.
 - (iii) Unless prohibited by law, distribute to the faculty member any investigation and appeals materials not provided by the faculty member, including any audio recordings of the hearing.
 - (iv) Conduct an appeals hearing. The time and date should be coordinated with the appealing faculty member in accordance with the timeline presented in Sec. X.G.1.
 - (v) Treat as confidential all discussions and materials related to the appeal.
 - (d) Functioning of meetings and hearings:
 - (i) Audio recordings may be made at the direction of the Hearing Panel in the

case the appealing faculty member has requested such recordings in Sec. X.G.1.c. No personal audio or video recordings may be made.

- (ii) Witnesses, including eyewitnesses and expert witnesses, may be called.
- (iii) The appealing faculty member must be permitted to attend the hearing.

H. Reporting

Each academic year, the Associate Vice President for Faculty Affairs will gather reports from Department Chairs, Deans, and Provost regarding any disciplinary sanctions imposed against any faculty member. These reports, including demographic data on faculty members against whom sanctions were imposed, will be provided to the Director of Equal Opportunity (EO). The Director of EO will provide a summative report of disciplinary actions, with a particular examination of any disproportionalities associated with any demographic characteristic, to the Faculty Senate Diversity Committee and the Faculty Senate Faculty Welfare Committee. This report shall be submitted in accordance with the deadlines specified in the Procedural Calendar.

Termination of a faculty member for cause will be managed in accordance with the procedures identified in section IX. of this Faculty Employment Handbook.

J. Allegations of Misconduct Against Department Chairs

1. All policies and procedures described in this section will apply in cases of alleged misconduct involving a Department Chair.
2. In cases of alleged misconduct involving a Department Chair, the School/College Dean will initially review the allegations. The Provost will serve as the next-level supervisor.
