

Excellence in Teaching & Learning

The Center for Faculty Excellence promotes effective teaching and learning practices for all faculty and in all courses taught at MSU Denver.

Programs include:

- Faculty Orientations
- Teaching Conferences & Workshops
- Faculty Learning Communities
- Grant Support Awards
- Digital Measures Assistance

For more information, call 303-615-0800 or go to msudenver.edu/cfe.

Instructional Design

The Instructional Design Team in the Center for Faculty Excellence:

- Assists with the systematic process and methodology for designing, developing, and delivering instructional materials that align with desired learning objectives and outcomes.
- Strives to create an institutional culture focused on collaborative innovation and continuous improvement for all online, hybrid, and face-to-face courses.

For instructional design assistance, call 303-615-0800 or go to msudenver.edu/cfe.

Instructional Technology

The Information Technology Services Instructional Technology Team:

- Administers various computer systems such as Blackboard Learn and Digital Measures.
- Provides assistance for faculty using Blackboard Learn.
- Performs many behind-the-scenes services that keep MSU Denver's academic technology systems running smoothly.

For assistance with Blackboard Learn or other instructional technologies, contact the ITS Helpdesk at 303-352-7548 or support.msudenver.edu or stop by West Classroom (WC) 243.

Learning Spaces

The Information Technology Services Learning Spaces Team:

- Installs and maintains classroom technologies.
- Manages the student computer labs that are strategically located across campus.
- Provides media services such as lecture capture, and video recording and editing.
- Assists with iClickers and other equipment used in the classroom.

For assistance with classroom technologies, student labs, or media services, contact the ITS Helpdesk at 303-352-7548 or support.msudenver.edu.
